Dedication

To a mother, a friend, and a faithful citizen, this booklet is solemnly dedicated.

Pearl Darling was born in Haverhill, Massachusetts, and became a resident of Hampstead in 1932, after her marriage to Lewis Darling, a local merchant and postmaster. Her pleasing personality and enthusiastic manner won her a host of friends and a prominent place in our social life. She was a member of the Hampstead Congregational Church, an officer in the P.T.A., and was active in many other local organizations. In addition, she served as Trustee to the Public Library, Town Auditor, and School District Auditor.

Pearl's aptitude for writing was recognized by the "Haverhill Gazette" and for many years she assumed the editorship of the Hampstead column. Through this medium, our townspeople received the local news and other interesting anecdotes. During the time she served in this capacity, never once did she use the power of the press to humiliate, embarrass, or otherwise harm anyone. When pleasant events occurred, she reported with vigor and enthusiasm. When sadness existed, her writing was sympathetic and thoughtful. When tragedy struck, her words were generous and comforting, and when misfortune befell her fellowman, her pen was kind and understanding.

On May 27, 1953, after a lingering illness, Pearl Darling was laid to rest in our Lakeview Cemetery, a sad day for Hampstead. At the age of forty-seven, her work was completed, happily, diligently, and faithfully.

As the sun appeared from behind darkened clouds, we dried our tears, because we realized that another stone had been solidly cast into our monument of progress, and upon this stone we inscribe these words:

"May the Lord receive you with the kindness and friendship that you so generously offered to us."

REPORT OF THE FIRE ENGINEERS

During the year 1953 we answered 26 fire calls as follows: Seven grass fires, two chimney fires, ten dump calls, five woods fires, three of these caused by lightning and two house fires, one of little damage at Robert Wallace's and one at Mrs. Ellen Partridge's with a total loss.

One new water hole was dug and boxed in on Central St. Two more on the East Road were also boxed in.

REPORT OF POLICE DEPARTMENT

The year 1953 was busy with 80 calls, 5 automobile accidents, 1 motor boat accident and 1 shooting accident.

The traffic lights at the junction of routes 111 and 121 proved their worth as there was only one accident

there this year as compared with numerous ones in the past. The cost of operating these lights is included in the police budget.

Considerable time was put in on holidays and Sundays on patrol work to prevent speeding.

I would like to thank the townspeople for their co-operation during the air raid alert.

Thank you,

R. ARTHUR JOHNSTON.

REPORT OF CIVIL DEFENSE ACTIVITIES

On January 24th the first State Wide Test Red Alert was sounded at 1:31 P.M. Our local Police Department under Arthur R. Johnston, head of the Police Unit; our Fire Department, under Kenneth H. Duston, head of the Fire Fighting Unit; Corinne Arling, on duty in Communications Headquarters; Edmund J. Lewis, in charge of Transportation; Dr. Raymond Moore, in charge of Health and Sanitation; William J. Letoile and Harry Sunanday in charge of Disaster and Evacuation Units; Eva M. Rooney, in charge of Administration and Ralph J. Rooney, Director of Civil Defense, reported to their various posts. These leaders together with the workers under them, as well as the three selectmen, gave us a working unit of fifty-seven local members of Civil Defense. During the ten-minute air raid, a simulated auto accident gave the Red Cross a practice incident bringing to headquarters a stretcher case, the victim, Miss Helen Brown, a member of the Civil Defense unit. Also furnishing train-

ing for our High School Messenger group, in locating certain parts of the town, in this case Richard Barthelmess being messenger. During this period, a second incident, an assumed fire at the local High School, was put under control by our Fire Fighting Unit. All clear was sounded at 1:41 P.M.

This first alert showed definitely the careful training carried on by the Police Chiefs and Fire Department Chiefs over the last three years. Immediately upon sounding the siren, the Police group reported to their pre-assigned stations, stopping all traffic and clearing the streets. The Fire Department reported immediately to the Fire Station. A new unit recently established, with the cooperation of the principal of the High School, furnished us with messengers thoroughly acquainted with all sections of the town, available for use to notify persons beyond the hearing of the siren, as messengers in the event telephones were out of operation, or to direct refugees to our available living quarters. Three messengers were used, Patricia Wentworth, David Coombs and Richard Barthelmess.

This practice air raid also showed us the close cooperation between the American Red Cross, State Police, and nearby out of State Civil Defense Units.

I wish to take this opportunity to extend sincere thanks not only to my own unit, but to all others who aided in the successful completion of the test.

Having been on duty as Director for over three years, I have attended County, and State meetings held in Portsmouth, Exeter and Concord as well as several local meetings at which State speakers and movies were shown. My work in recent months as well as in the foreseeable future calls for extended periods of time away from Hampstead, therefore, I feel in fairness to our Civil Defense Organization, I should no longer continue as Director of Civil Defense, and for this reason, following the test air raid Sunday, January 24th, a meeting of the entire organization was called, at which time I submitted my resignation. This was accepted and Rev. Theodore Hadley was appointed Director.

Up to date no appropriation has been asked for or made for the cost of administration of Civil Defense, however, considerable expense in the form of Transportation to the various meetings, 'phone calls, correspondence, etc., is required to properly carry on this work, and for that reason, I am recommending to your new Director and to the voters of the town meeting, a small appropriation be raised.

Respectfully submitted,

RALPH ROONEY,

Director of Civil Defense

TRUSTEES REPORT

HAMPSTEAD PUBLIC LIBRARY YEAR OF 1953

We welcome, first of all, two new Trustees to our board, Mrs. Anne D. Bolton and Mrs. Viola L. Johnston.

We wish to pay a sincere tribute to one of our beloved members of the board who passed away last May, Mrs. Pearl E. Darling. Not only did she have a sincere regard for her job as trustee, but maintained a genuine interest in the Library through all her illness.

Also, we pay a tribute to another of our members, who has been a faithful worker on our board for many years, Mrs. Madeline Collette. Mrs. Collette was forced to tender her resignation as she moved to another city, after the death of her Husband. Both of these members are sadly missed as they made a real contribution to our Library.

This past year our Librarian, Mrs. Bertha Whiteneck, has completed the re-cataloging of the books and has done a splendid job. We know she spent many hours for which we were not charged and her work is greatly appreciated by the Board.

We have purchased and installed a set of new steel files, for the cataloged cards and a steel cabinet for our record

books. We intend to purchase a new desk and chair, if possible, for our Librarian as the old one is about falling apart.

Your Librarian welcomes all opportunities to serve you in any way possible, not only locally, but also service to your State Library. However, we will be responsible only, for the return of books, to the State Library, that are ordered through your local Library.

We, on the Board, are trying our very best to make the Library as modern and comfortable as possible, and we urge you to come in and acquaint yourselves with its services.

It is most gratifying to see the number of books given to the Library, and we wish to thank everyone, who has in any way, contributed to the Library, either by gifts or services.

Respectfully submitted,

AGNES D. COVELL, Chairman

VIOLA L. JOHNSTON

ANNE D. BOLTON

LIBRARIAN'S REPORT—1953

In presenting my report for the Hampstead Public Library I wish to express my sincere appreciation to all those who have generously contributed books and magazines during the year. The donors are too numerous for me to mention in this report. These gifts have in no small way helped to stimulate interest in the Library and thereby bring the circulation up to 5094 for the year.

Since October the Bookmobile has been making visits to the Central School leaving books for the pupils. To a certain extent this has decreased the number of juvenile books loaned from the Library during that period. On the other hand it has made it possible for some to read the Bookmobile books who would otherwise be denied that privilege.

To no small degree the introduction of television sets into an increasing number of homes has caused many to borrow fewer books from the Library than previously. We urgently invite you to visit the Library and make use of its facilities.

Too much cannot be said in praise of the wonderful cooperation given us by the staff at the New Hampshire State Library. Many of you have made use of these facilities. A list of some of the subjects covered by material loaned us during the last year follows: Practical Dress Design, Dance Memoranda, Practical Guide to American Book Collecting, Collecting Antiques in America, Book on Cane Seats, Literary History of America, Underground New England, Number of Genealogies, Jewelry Making for Fun and Profit, Minerals and Mines, Homecraft Rugs, Who's News and Why, Layman's Handbook of Medicine, Heating and Air Conditioning, besides many biographies and books of fiction. In some instances the staff has borrowed material from different libraries in the various States of the Union when it was not found in our State Library. May I urge you to continue the use of this wonderful service which is within our grasp.

The number of books donated to the Library during the past year is 86 while the number of new books purchased is 31. An order for a number of new books is being prepared at the present time.

As you know during the past year we were unfortunate in losing two of our Library Trustees: Mrs. Madeline Collette because of change of residence and Mrs. Pearl Darling because of her untimely death. The loss of both is deeply felt by us all.

In closing I wish to thank Mrs. Agnes Covell for the cooperation and understanding she has given me in my work as Librarian.

Respectfully submitted,

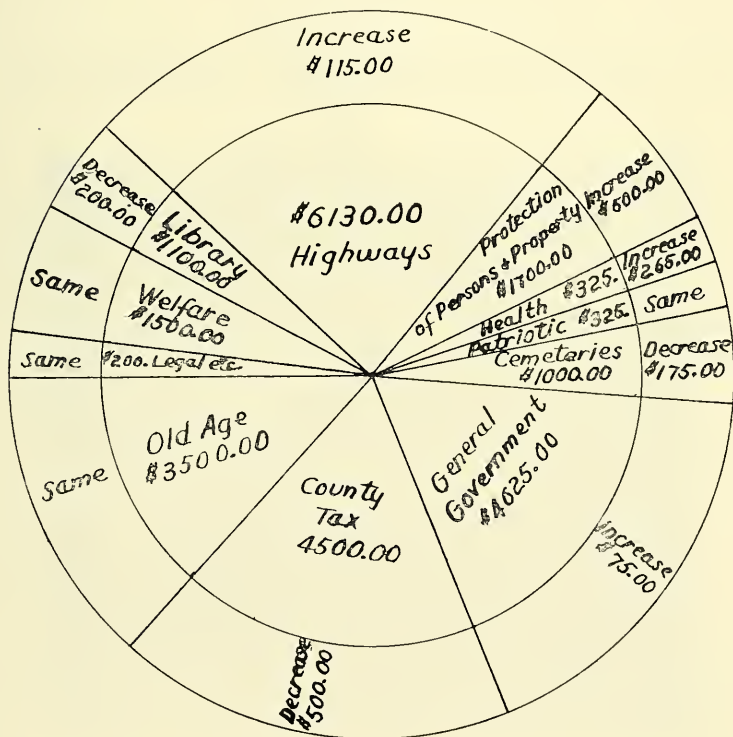

BERTHA L. WHITENECK,

Librarian

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eighth day of March, 1954 at seven o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. (By request) To see if the district wishes to revise the transportation regulations as voted by the district at the annual meeting in March 1950.

Article 10. To see if the district will authorize the school board to make application for and to receive in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

Article 11. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this 12th day of February, 1954.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board is operating during 1953-54 and their proposed expenses for the year 1954-55. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

This, my fourth Annual Report as Superintendent of your schools, will include information as usually reported by the Principal, the Music Supervisor, the Elementary Consultant and the School Nurse-teacher.

PERSONNEL:

Although the children were fortunate that the three teachers of grades 1-6 returned to their respective positions last September, it was necessary to make three replacements in the high school. To replace Mrs. Gladys Dyke, who retired after having taught English and Languages in the high school for five years, the school board employed Miss Abigail Treat of New Milford, Connecticut, who was a 1953 graduate of Bates College. To replace Mr. and Mrs. Walter White, who accepted teaching positions in Ipswich, Massachusetts, Mr. Socratis Clonaris and Miss Patricia Sullivan were engaged. Mr. Clonaris, a 1951 graduate of Keene Teachers' College who had taught during the past two years in Belmont, New Hampshire, is teaching shop work and science, and Miss Sullivan of Holyoke, Massachusetts, is teaching Home Economics. Teachers who returned to their respective positions are indicated in a following tabulation of school enrollment.

The Hampstead teachers have continued membership in the local, state and national professional teachers' organizations and have continued to take special courses when possible.

Miss Gwendolyn Curtis continues her capable work as school nurse-teacher in the schools of Hampstead, Atkinson, Newton and Plaistow.

To replace Carlton Thorne, the school board selected Mrs. Dorice Grillo of Haverhill as Music Supervisor for the current year. Mrs. Grillo is a 1952 graduate of Lowell Teachers' College, and had taught for one year in Holyoke, Massachusetts.

As a result of the continued effort and outstanding ability of Miss Natalie Hopkins, Elementary Consultant for Supervisory Union No. 55, the Hampstead teachers have had the advantage of many professional meetings and consultations pertaining to their work with the children. Miss Hopkins had worked with various individual pupils and parents in attempts to assist in overcoming difficulties on the part of these individual pupils.

Although teachers' salaries continue to increase each year, there is still a tremendous shortage of teachers throughout our state and nation, and a large annual turnover exists in many communities.

ENROLLMENT AND SCHOOL CENSUS:

From a comparison of the 1953 census figures with those of the past two years (see tabulation following this report) it appears that our school enrollment may not increase to a great extent in the near future. However, our present enrollment of 38-41 children per room in the primary grades is a larger number than is to the best advantage of the children. If it does not seem desirable to employ an additional full-time teacher, it might be well to secure a teacher who could give special help to the lower grade children on a half-time basis.

BOOKS, TEACHING AIDS, CURRICULUM AND EXTRA SERVICES:

Due to the reasonably liberal budget for books and supplies during the past few years, your school board has been able to provide new books as needed and to partially catch up on the deficiencies of former years. Hampstead children have been well supplied with other necessary supplies and the budget for these items should remain about the same as in past years.

The teachers, through access to a reasonable allowance for films, have made excellent use of the motion picture projector which is owned jointly with the Salem School Department. Although it would be to the advantage of each

district to own a machine, many interesting and valuable audio-visual programs have been shown to the children.

During the past year standardized achievement tests have been given to all children in grades 1-8, mental ability tests have been given to pupils in grades 4 and 8, and the pupils in the high school junior class were given a series of tests administered by Boston University Testing Service in order that the Principal and teachers might know more of the varying aptitudes and abilities of the pupils. This makes for more effective guidance than could otherwise be given. It is our objective that every child work productively to his capacity.

The school lunch program has continued under the management and leadership of Mrs. Marion Clark and an average of about 145 children have been served daily. A brief financial summary of the Hampstead School Lunch Program for the 1952-1953 school year and for the current school year to date is included elsewhere in this report.

In the high school, the chief change in the curriculum has been the allowance of two credits for shop work so that the boys may now receive two years of high school shop training in addition to the seventh and eighth grade manual training.

Of the 9 pupils who graduated from Hampstead High School last year, 2 entered post-secondary education and the remainder of the group is employed.

Through the leadership and guidance of Principal Greenlaw, the many and varied high school athletic, dramatic and music programs have been continued. It is commendable that such a large percentage of the total high school enrollment participates in such activities.

The Hampstead Parent-Teacher Association and the Greater Hampstead Civic Club have continued their excellent support of school activities.

In the field of music, under the supervision of Mrs. Dorice Grillo, children in the lower grades have concentrated on rote songs, music reading, singing games and action songs. The upper grades are studying elementary music theory, music reading, rounds and two-part songs. In the

high school, the Glee Club has concentrated on tonal quality, diction, and interpretation. The Glee Club performed at the Thanksgiving and Christmas assemblies and presented a Christmas program for the Parent-Teachers Association.

The annual high school play was presented under the direction of Miss Treat last November.

Miss Curtis has continued her capable work of maintaining and improving the health of the school children.

Medical examinations were given to children in grades 1, 3, 5, 7, 9-12 by Dr. Moore of Hampstead and a successful follow-up program was carried out through the cooperation of parents. Every child has received a complete hearing and visual test with the same cooperative follow-up work. The regular health program includes the annual screening of eyes and a color perception test. A pre-school clinic was held last spring in conjunction with pre-school registration of the children who entered the first grade last September.

BUILDINGS AND EQUIPMENT:

Your school board has continued to keep the school buildings in good general condition. During the past year the exterior woodwork of the Central School was painted, as was the interior of the principal's office-classroom in the high school and the interior of the front corridor of the high school. A new 3-compartment stainless steel sink was installed in the school lunch kitchen.

As the budget will allow, school desks and seats should be replaced in the high school main room and in the 3rd and 4th grade room in the Central School. The proposed budget for 1954-55 provides for 55 new units of furniture.

Although the use of oil for fuel in the high school has proven to be of some added expense, it has provided more evenly distributed heat and much less dust throughout the building.

FINANCES:

Of the 48 supervisory unions in New Hampshire during the 1951-52 school year, only 7 had a higher average daily membership than that of this supervisory union with 1,801.8

pupils. 24 of the 48 supervisory unions had a higher total 1950 adjusted valuation than Supervisory Union No. 55, with \$14,876,607, and on the basis of the adjusted valuation per pupil, this supervisory union with \$8,257 is 4th from the lowest. The adjusted valuation per pupil on a supervisory union basis varies throughout New Hampshire from a high of \$32,020 in Berlin to a low of \$7,420 in the Charlestown area. The average per-pupil wealth in New Hampshire according to the 1950 adjusted valuation was \$13,897.25.

With the above facts and comparsons in mind, it is evident that there is need for more financial equalizations of educational opportunities throughout New Hampshire; it seems that this might best be accomplished through the extension of the present state aid program.

Since the revisions of the state aid program by the 1951 and 1953 state legislatures, basing state aid allotments on pupil enrollment and adjusted valuation, the amount of state aid received by Hampstead has decreased from \$1,398 in the 1952-53 school year to \$71.55 in the 1953-54 school year.

School costs continue to require a relatively large percent of the tax dollar throughout our community as well as throughout the state and nation. The increases as shown in the proposed budget for the 1954-55 school year as compared to amounts of money raised for the current year, consist largely of teachers' salaries, transportation and minor repairs and replacements.

Commendations are extended to all community groups and organizations which have continued their wholehearted support of the various school activities. Again, I wish to thank the members of the school board, the school personnel, children and citizens of Hampstead for their continued cooperation.

Respectfully submitted,

JONATHAN A. OSGOOD
